

Atty. Dkt. No. 041673-2092

**REMARKS**

Applicant respectfully requests that the foregoing amendments be made prior to examination of the present application.

Claims 1, 7, 15 and 22 are requested to be cancelled.

Claims 2 through 6, 8 through 14, 16, 18 through 21, 23 through 32, 37, 42 through 44, and 47 through 51 are currently being amended.

Claims 52 through 64 are being added.

This amendment adds, changes and/or deletes claims in this application. A detailed listing of all claims that are, or were, in the application, irrespective of whether the claim(s) remain under examination in the application, is presented, with an appropriate defined status identifier.

After amending the claims as set forth above, claims 2 through 6, 8 through 14, 16 through 21, and 23 through 64 are now pending in this application.

No new subject matter is added by this amendment. In particular, the subject matter of claim 2, as amended, is supported by, for example, the Specification at paragraph [086]. Similarly, the subject matter of original claims 15 and 22 is now essentially incorporated into claim 14. Further, the subject matter of original claims 2 and 7 is now presented in newly added claim 52. The subject matter of newly added claim 59 is derived from original claim 12, while the subject matter of newly added claim 60 is derived from original claim 13. Further, new method claims 61 through 64 derive from originally presented claims 47 through 51.

Further amendments to the claims, including all of the amendments to claims 45, 46, 51 through 53 and 57, are to correct obvious grammatical errors and/or to make the language utilized in the claims internally consistent (e.g., the word "fragment" now appears in claim 2 and

dependent claims, consistent with the manner in which the term is utilized in Example 1; e.g., at page 29).

Entry of the amendments to the claims is therefore requested.

Applicant believes that the present application is now in condition for allowance. Favorable consideration of the application as amended is respectfully requested.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.

Respectfully submitted,
